

The diagram illustrates a two-lane road construction zone. The road is divided into three sections: a pre-work section, a work zone, and a post-work section. The work zone is marked by orange cones and a yellow dashed line. A red truck is shown in the work zone, with an 'Optional' label pointing to it. A black and white checkered pattern is also shown. Signs include 'ROAD WORK' and 'CENTER LANE CLOSED'. Dimensions are indicated: 200' for the total length, 50' for the work zone, and various other measurements like A, L, H, E, and 1/3L. Arrows indicate traffic flow: straight ahead, left turn, and right turn.
