

The diagram illustrates a T-intersection where a one-way street crosses a two-way street. The one-way street has a single lane in each direction, indicated by arrows. The two-way street has two lanes in each direction, also indicated by arrows. Traffic signals are present at the intersection. Various road signs are shown, including 'ROAD WORK', 'ONE LANE ROAD', and 'ROAD CLOSED'. Dimensions are marked with letters and numbers: 'A' for the distance between signs, 'H' for the height of the work zone, 'E' for the length of the work zone, '50'' for a specific distance, '25'-100'' for another distance, and '2S' for a distance related to the work zone. A worker is shown in the center of the intersection, and a red car is shown in the work zone.
