

PATA 406-A

Advance Warning Area

Option 1 Signs Installed on the Left and Right Side	Option 2 Signs Installed on the Right Side with Two PCMS
<p>Diagram illustrating the Advance Warning Area for Option 1, where signs are installed on both the left and right sides of the road. The diagram shows a two-lane road with a dashed center line. The "Match Line" is a vertical yellow line on the far left. The "Right Lane Closed" sign is placed on the right side at various points along the advance warning area. The "ROAD WORK" sign is placed on the left side. The "PCMS" signs are not present in this option.</p>	<p>Diagram illustrating the Advance Warning Area for Option 2, where signs are installed on the right side of the road, accompanied by two PCMS units. The "Match Line" is a vertical yellow line on the far left. The "Right Lane Closed" sign is placed on the right side at various points along the advance warning area. The "ROAD WORK" sign is placed on the right side. The "PCMS" signs are located on the right side, with one above the other, each with a height of "2S".</p>
