

PATA 505-B

Advance Warning Area

Option 1 Signs Installed on the Left and Right Side	Option 2 Signs Installed on the Right Side with Two PCMS
<p>The diagram shows the advance warning area for Option 1. It features a grey road surface with a yellow "MATCH LINE" on the far left. Four orange diamond signs are placed along the road: one on the left side at a height of $1/3L$ above the shoulder, and three on the right side at heights A, B, and C above the shoulder. The right side of the road is grey, while the left side is light grey. Arrows at the bottom indicate the direction of traffic flow.</p>	<p>The diagram shows the advance warning area for Option 2. It features a grey road surface with a yellow "MATCH LINE" on the far left. Four orange diamond signs are placed along the road: one on the left side at a height of $1/3L$ above the shoulder, and three on the right side at heights A, B, and C above the shoulder. Two additional signs, "PCMS", are placed on the right side at heights $1/2C$ and $1/2D$ above the shoulder. The right side of the road is grey, while the left side is light grey. Arrows at the bottom indicate the direction of traffic flow.</p>
