

PATA 508-B

Advance Warning Area	
<p>MATCH LINE</p> <p>Diagram illustrating Option 1: Signs installed on the left and right side. The road has a solid yellow "MATCH LINE" on the left. Four orange diamond signs are placed along the right side of the road. The first two signs are "LANES SHIFT" with a dashed line symbol. The next two signs are "ROAD WORK" with a dashed line symbol. Vertical dimensions are indicated: "A" is the height from the bottom of the road to the top of the first sign; "B" is the height from the bottom of the second sign to the top of the third sign; "C" is the height from the bottom of the third sign to the top of the fourth sign; and "D" is the height from the bottom of the fourth sign to the ground. Arrows at the bottom indicate traffic flow.</p>	<p>MATCH LINE</p> <p>Diagram illustrating Option 2: Signs installed on the right side with two PCMS. The road has a solid yellow "MATCH LINE" on the left. Four orange diamond signs are placed along the right side of the road. The first two signs are "LANES SHIFT" with a dashed line symbol. The next two signs are "ROAD WORK" with a dashed line symbol. Two additional orange diamond signs labeled "PCMS" are placed above the "ROAD WORK" signs. Vertical dimensions are indicated: "A" is the height from the bottom of the road to the top of the first sign; "B" is the height from the bottom of the second sign to the top of the third sign; "C" is the height from the bottom of the third sign to the top of the fourth sign; and "D" is the height from the bottom of the fourth sign to the ground. Arrows at the bottom indicate traffic flow.</p>
